Product Application Presentation

Product Identifier:

TCI 140 H.D.

Process Identifier:

Category 2 toxicity, ultra-purity, non-corrosive CIP parts cleaning solvent

Product Presentation

TCI 140 H.D. Homogeneous natural Solvent Degreaser is derived from a virgin stock of high purity hydrocarbons with a clear colourless liquid appearance. It is a green alternative as a user friendly solution to undesirable olfactory products in the workplace and public image.

Film free cleaning performance.

TCI 140 H.D. is a flammable non-conductive and non-corrosive multi-purpose degreaser for in place cleaning without ionization, thus does not promote flash rusting.

It has a flash point of: - 4 °C

**Solvent for use with trigger sprayer
to wash greasy parts - see options
Safe on all metals**

Process Introduction

TCI 140 H.D. is a new innovative approach as a multi-purpose cleaning product designed to meet today's progressive maintenance needs. It is mandatory for all applications where stricter environmental pollution standards, volatile solvent reporting; stringent health and safety criteria and public awareness scrutiny of compliant service prevail... thus making it the product of choice.

TCI 140 H.D. contains NO Hazardous Atmospheric Pollutants (HAP's).

It is designed to remove grease embedded swarf, oil, dirt, moly, Lithium and a combination of this dirt from any metal, plastic, rubber and ceramic surfaces with minimal agitation. Cleaning of contaminated parts dry film free.

**TCI 140 H.D. does not harm
plastics or cured paints while
soaking or after the surface
that has been cleaned**

For industrial and institutional use only.

Process Specificity

TCI 140 H.D. is used at full strength. It is designed for the ON THE SPOT cleaning requirements in automotive repair and maintenance shops as well as machine shops, electronics, steel and aluminum fabricators, engine rebuilders, auto electric rebuilders, transmission rebuilders, truck service facilities, aviation, marine engine rebuilding, agricultural related industries as well as mobile equipment service vehicles. It is versatile and economical. It is reshaping the future.

Use **TCI 140 H.D.** only in manufacturer's approved cleaning systems such as Air Force PL OMNI Aerosol Refillable Sprayers and trigger sprayers. The surfaces being cleaned can air dry or be mechanically dried by forced air without leaving contaminating residues.

Mobile repair and maintenance vehicles can transport this to the site of service and use it as a degreaser in extremely cold conditions of **- 65 Celcius**.

Custom cleaning performance is superior to standard conventional products.

Options: Choose formulated products that work for you. Degreasers, lubricants, penetrants as well as lock & windshield deicers, glass and mirror cleaners that will eliminate throw away cans.

QR identification shows uninformed users the SDS and certainty of health risks.

Packaging: Product Order Codes

4 x 4 L Case CODE 140-004

2 x 10 L Case CODE 140-010

205 L Drum CODE 140-205
