## Product Application Presentation

**Product Identifier:**

**TCI 609 H.D.**

**Process Identifier:**

1. DRIVE WAY interlocking stone cleaner for dead algae
2. Temporary cosmetic NON-SELECTIVE vegetation control

### Product Introduction

Restore the beauty of your home or business with TCI 609 H.D. a World wide approved formulation for cosmetic control and maintenance of unsightly weeds without a Pest Control Licence and made from naturally occurring ingredients of food grade quality thus biodegradable, environmentally friendly and hypoallergenic to humans and pets.

### Application Procedure

This procedure is for trained personnel **ONLY**.

Ready to use, do not mix with water. Apply as is and as directed.

### Process Introduction

RESULTS in 4 HOURS!

DRIVE WAY Interlocking stones restored to original beauty over time.

**TCI 609 H.D.** formulation effectively dislodges years of dead algae (dark discolouration on stone), eliminates moss from using "ROUND-UP" weed killer, eliminates all "HARD TO WEED" unwanted and unsightly vegetation.

Once our job is complete the RAIN will finish the job.

### Precautionary notes

Do not mix this product with household bleach or swimming pool chlorine.

Be careful to protect ornamental plants and lawns from wind drift.

*For industrial, institutional and residential use only.*
